

Quality-Stickers individually printed

- free text choice
- coloured imprint
- metallic lables
- from 1,000 pieces

digital printing

Quality-Stickers focus on what is really important. The small sales assistants transport central core features directly on the product at a glance. Thanks to digital printing, your individual text now determines where you want to set impulses in purchasing decisions and product organization.

Basic variants for individual variety

On the basis of prefab metallic labels with permanent glue, individual Quality-Stickers are produced from a minimum quantity of 1,000 pieces. In addition to black, six extra colours are available for text imprint: red, blue, green and white as well as gold and silver metallic. The production in digital printing is 1-colour with any text.

Combination of texts in one order

As a customer, you have the option of combining different texts in one print job. You tell us the wording and the quantity, we set the text to match the label. You will receive our design proposal for approval. Then your individual Quality-Stickers go into digital printing.

Handily converted

Individual Quality-Stickers are delivered endlessly in 4 lines. The web has a tear-off perforation after 20 labels and is folded into a convenient stack.
